product to service

Hydroblast 250C Plus

Cold Water High Pressure Jet Cleaner

- **Durable Triplex Pump:** Equipped with a ceramic-coated piston and a connecting rod system, ensuring extended service life and reliable performance.
- **Brass Pump Head:** Corrosion-resistant brass head enhances pump reliability and longevity.
- **Pressure Adjustment:** Convenient control knob for easy pressure adjustment.
- **Easy Mobility:** Features a robust two-wheel trolley with a handle, allowing for effortless transport and manoeuvrability.
- **Water Input Filter:** Protects the pump by filtering out impurities from the water, ensuring consistent performance.
- **Motor Thermal Protector:** Safeguards the motor from overheating, ensuring reliable operation and longevity.
- **Total Stop System (TSS):** Automatically shuts off the pump when trigger not in use, helping to conserve energy and enhance safety.
- **Convenient Accessory Storage:** Designed with a frame that includes holders for easy storage and quick access to accessories.
- **Versatile Nozzles:** Comes with 4 interchangeable nozzles and an integrated chemical dosing system for optimal cleaning.
- **Long Power Cord:** Comes with a 5-meter power supply cord for greater flexibility during use.

Technical Specification:

Description	Unit	Hydroblast 250C Plus
Supply voltage	V / P / Hz	380/ 3 / 50
Working pressure	bar	250
Total power	kw	7.5
Pump speed	rpm	1450
Max flow rate	l/m	16
Insulation type		F Class
Temp-water inlet	°C	40

*Tolerance Limit ±5%

Suitable Application:

Pharma Industries | Large Kitchens | Agro / Dairy / Food Processing Industries
| Automobile Industries | Construction Sites | Logistics Industries

Standard Accessories

Gun with trigger

Hose

Lance

Nozzles

Optional Accessories

Short gun with 4 Nozzles
